

# CAROLINA SPEED RALLY & FLY-IN

The Carolina Speed Rally and Fly-in is a unique RC event. The format will be single plane flying, with pilots making four passes through the radar speed trap. An official speed document will accompany each run to certify the speed run and give bragging rights to the pilot. There are no rules in regards to size, weight, engine, fuel, propeller, etc. you like speed planes and want to know how fast you can go, you cannot miss this exciting event. Open fun fly to follow the completion of all official runs. Please call or email if you have questions. We would love to hear from you. Everyone welcome.
